

The Refiner's Fire Netzarim Siddur and Pesach Seder are available in TWO versions:

1. A "Regular" PDF file – which prints as 8 ½ x 11 pages and prints as continuous pages, one after the other. This file can be displayed on a computer monitor:

2. A "Booklet" PDF file – which prints as a folded 8 ½ x 11 booklet, designed to print as a booklet:

To print the booklet, set the printer for duplex, flip on short edge. Keep the printed stack of pages together, and using a deep-reach stapler, put three staples (red marks above) in the middle of the stack, then fold the entire stack to form the booklet. (The page numbers will come out consecutive in the folder booklet.) Use a weight to help make the fold.
